GOOD NEWS from Merritt Hospital in Oakland, where Police Officer Ralph Jensen underwent surgery last Friday. According to his wife, Shirley, the chief is out of intensive care and in good health. He is in misery, but the hospital is pleased with his progress. He's enjoying all the cards from Albany friends.

THOSE NEW city buildings coming right along now. The weather has settled down. School Superintendent Kenneth Forry asked the school board last night to approve the groundbreaking ceremony for school buildings on Sunday, June 27.

SO MANY local people are ailing or downright sick lately that the feeling the entire community is falling apart. We tried to keep up with reports for awhile, but now we're so far behind, it's a hopeless task.

FOR CHUCKLES, nothing is more typographical errors or innocent newspaper items which somehow don't turn out right. Bob Dennis received one in the mail the other day and he thought we might enjoy sharing them with our readers.

THIS afternoon there will be a meeting in the north and south ends of the church. Children will be baptized at both ends. Tuesday at 7:30 p.m., there will be an ice cream social. All are giving milk will please come early. Wednesday the Ladies Literary Society will meet and Mrs. Jensen will sing "Put Me in My Little Bed," accompanied by the band.

Annual Chamber of Commerce Dinner Friday, June 4, at Berkeley House

Plans are nearly complete for the 1965 Albany Chamber of Commerce annual dinner, which will be Friday night, June 4, at Berkeley House, 920 University Ave. The public is invited.

Police Chief Ralph M. Jensen will be master of ceremonies. The new slate of officers, headed by William I. Garren, president, will be installed.

Deadline for purchase of tickets (\$5.50 for top sirloin or fish) will be Friday, May 28. A feature of the dinner will be wine made in Albany, provided by Davis Bynum Winery on San Pablo and Outgoing Chamber President H. F. Call.

Dorothy Larimer is dinner chairman, assisted by Elmer Coble, Bernice Boyd, Frank Ellsworth, Dorothy Simmons and Neal Clarity.

Coble has arranged for Stephen Lehner of Albany High School to present his authentic American Indian music, a program which has been very popular in the area. Other entertainment features are being explored.

Favors and special decorations are planned.

The Young Man of the Year will be announced at the dinner; the outgoing president will receive his award, the Maid of Albany will be presented and it is planned to have formal presentation of Albany's fire safety award to Fire Chief Gerald Browne.

Friday, April 14, is the deadline for business and professional listings in the informational brochure and "business directory" which will soon be published by the Chamber of Commerce. Ten thousand copies of the 64-page, hard cover brochure will be printed, first of its kind since 1936.

Mrs. Louis (Ruth) Tripoldi will be chairman of the Chamber's July 4 fireworks display. Donations are being solicited for the project.

San Pablo Avenue businessmen will begin circulating petitions for street lights Thursday.

New members include Haldon's, 518 San Pablo; Albany Music Center, 842 San Pablo; C&R Electric, 846 San Pablo; Paul H. Traum, assistant postmaster, and Dick Ventin, O.K. Barber Shop, 1205 Solano.

William Francis, manager of the Walnut Creek Chamber of Commerce, spoke on "Chambers of Commerce in the Space Age" at the regular meeting Tuesday at Albany Bowl. He urged a strong program of work in the areas of beautification, retail promotion, civic affairs, planning and zoning and governmental affairs.

Cynthia Bedford Wins New Vocal Honors

Cynthia Bedford, 18, outstanding Albany High School vocalist who has won many honors, won the top scholarship Sunday, May 2, among a field of 16 high school and college contestants in scholarship auditions sponsored by the Oakland Orpheus club.

In addition to winning the scholarship, Miss Bedford will be guest soloist at the next Orpheus concert, at 8:15 p.m. Tuesday, May 25, at Oakland auditorium.

Cynthia was the unquestioned and unanimous choice of judges and received a nearly perfect score from all three, Ralph Peterson, Newton Pashley and Barbara Fritz.

Jason Rohrer Wins Trip To Rome, Paris

Jason Rohrer, office manager of Howard's Motor Sales in Albany, is the recipient of an all-expense-paid vacation for two in Rome and Paris.

The vacation, offered by Simca division of Chrysler Motor corporation, was made possible when Howard's reached its pre-set quota of retail sales the latter part of April.

Jason, older brother of the late Howard Rohrer, has been office manager of Howard's for more than 20 years. Native of Bourbon, Missouri, he is eldest of a family of 13 children. He spent his early years teaching in Wichita, Kan., and Springtown.

He and his wife plan to leave May 14 for this trip of a lifetime. His only regret is that he will be unable to take his golf clubs.

Easter Seal Campaign Increase Noted

A county-wide increase of nearly 10 per cent has been reported by the Easter Seal society following its 1965 campaign.

Charles W. Kruck, campaign chairman, said mail contributions continue to arrive. As of May 1, the fund stood at \$67,613 toward a goal of \$80,000.

In Albany, William McAuley, chairman, reported \$1,030, a slight increase over last year. Berkeley's total is \$10,075.

Ask Door to Door Salesmen For Permit

Local residents have been urged by Police Chief Ralph Jensen to ask each door to door salesman or solicitor to see his solicitor's permit issued by the chief of police.

If the person at your door has no permit, call the police department at LA 5-7300.

Frequently adults employ children to sell candy house to house as a private money-making business.

Other Projects

These children misrepresent themselves as belonging to known youth organizations, Jensen said.

Before purchasing or donating, residents are urged to satisfy themselves that the salesman is legitimate. Jensen urged citizens to call the police department if they are in doubt about statements made by salesmen.

It is a violation of city law for a solicitor to ignore signs on buildings that prohibit peddlers or solicitors.

Council Receives Request To Excavate Albany Hill

Albany City Council Monday night referred to the Planning and Zoning commission and City Engineer James B. Turner a request for an excavation permit to remove 39,400 cubic yards of Albany Hill for a street down the west side to connect with frontage road of Eastshore Freeway.

The proposal was from Wilsey, Ham and Blair, engineers and planners of San Mateo, representing the Henry Phipps Estate, primary owners of the property involved.

The plan is to connect the existing dead end streets of Taft and Jackson by means of a loop and then run a single street from that loop west down to Pierce.

Following a "no objection" report by Police Chief R. M. Jensen, Council granted Irish John-

son Taylor's request for permission to open a used car lot at 1031 San Pablo.

It also granted Chief Jensen's request for indefinite leave of absence for Animal Control Officer John Sawyers, who will be paid until June 1.

Several communications regarding the United Nations were held over one week for the return of Mayor Lewis Howell. The Monday meeting was conducted by vice Mayor Richard Clark with only four councilmen present.

Myrtle McLean, city clerk, received permission for Mrs. Bette Rhodes to attend a meeting of governmental accountants in Sacramento.

Filed with other information on a "Dog Leash Law" was a communication from Richard B. Fuller of 1447 Thousand Oaks Blvd. Council voted to support a two per cent tax on telephone companies as requested by the City of Long Beach. Vice Mayor Clark voted no.

Clean-Up Week was set for the second week in June, as requested by Turner.

Councilman Joel Parker accepted on behalf of the Albany Fire Department the 1964 Fire Safety Award, which had been forwarded by Congressman Jeffrey Cooney.

Council approved Myrtle McLean's request to refund taxes to those who had overpaid on property acquired by rapid transit and to transfer others to unsecured personal property taxes.

A hearing on SB 506, which would control Rapid Transit's ability to purchase feeder lines without the consent of the people, has been continued from May 12 to 19, Council was informed. Albany will be represented.

No action was taken on several reports by Turner on bills before the legislature. Council approved a payment of \$24,561 on new city buildings.

The rezoning of certain R-2 districts (R-1650 and R-1250) was held over one week.

Resolutions passed included appointment of William Johnson to the Planning and Zoning commission; adopting a city seal; opposing SB 847 (advertising adjacent to highways); opposing SB 1319 (to provide clothing for police officers); opposing AB 1280 (public employees to be brought under unemployment insurance) and amending the contract for the city dump.

Under good of the city, Beverly Lee of 923 Key Route Blvd. expressed pleasure over the way Albany Public Library is being operated.

The meeting adjourned at 9:40.

Appeal for Donors

Mrs. Emily Pausch of 829 Polk, who recently underwent surgery at Alta Bates hospital and was expected home this week, is looking for six pints of blood, necessary for the two-for-one replacement of the three pints she used.

The blood must be replaced within 30 days.

Those who can donate have been asked to contact the Blood Bank at 6230 Claremont Ave. (654-2921). In the event more blood is given than needed, it may be assigned to others.

CANCER SOCIETY NEEDS FUNDS FOR RESEARCH

"If we could double the amount that is raised by the American Cancer Society each year, there still wouldn't be enough money to carry out all of the research projects that must remain on the shelf because they can't be financed," said Mr. and Mrs. Joe Carlevaro, Albany co-chairmen of the campaign.

"Each year the Society receives many more applications from scientists than it can accept," they said. "An additional five million dollars is needed just to bring its portion of the program up to par. Although the federal government spends tremendous amounts on cancer research, it is unable to support all of the worthwhile studies which are needed."

To avoid any duplication of effort and to assure that every research dollar provides maximum results, the American Cancer Society works closely with the federal government in awarding all grants.

Among the many major projects which cannot yet be started because there isn't enough money, is one that would test a current scientific theory that people who are destined to become ill tend to differ biochemically from all persons long before signs of their disease begin to show.

The proposed project would be conducted in a major metropolitan hospital center. Samples of blood plasma would be taken from 60,000 healthy men and women and stored until illness strikes. The new plasma samples would be taken and compared to the patient's original sample to determine how it has changed.

This study, which would be carried out over a six-year period, could discover new methods for diagnosing disease much earlier than is now possible. The project would cost from 4 to 6 million dollars to finance.

Another 4 or 5 million dollars is needed to expand the American Cancer Society's program of clinical fellowships, post-doctoral scholarships and lifetime research professorships.

Mr. and Mrs. Carlevaro explained that "these benefit every cancer patient by keeping the medical profession abreast of current research advances and by stimulating creative research."

WHICH RIESLING?

Riesling wines vary widely—in price and quality. The true Riesling — Johannisberg Riesling — costs more than Franken Riesling or Grey Riesling because the Johannisberg grape, like most of the world's finest grapes, is shy bearing and difficult to grow. From it come the great (and expensive) Rhine wines of Germany. From it, also, comes the truly fine RIESLING which we bottle (and sell) at our Bay Area winery in Albany. Only \$1.69 a bottle, too, which is remarkable in itself if you know your Riesling wines.

Now It's Children's Hospital Medical Center of N. California

Children's Hospital Medical Center of Northern California is now the name of the medical complex which includes Children's Hospital of the East Bay, the Bruce Lyon Memorial Research Laboratory, and the Ford Memorial Diagnostic and Treatment Center, hospital president William U. Hudson announced. Because of the increased development of specialized medical services for patient care and the

increased emphasis on teaching, the board of directors felt the need for a name which would reflect the changed role in the California community. "As this children's center faces the challenges of the future, the name it bears and the responsibility it assumes," Hudson said.

Founded in 1912, the hospital was known as the Baby Hospital until 1930 when the name changed to Children's Hospital of the East Bay. In September 1959, the Bruce Lyon Memorial Research Laboratory was opened. The Ford Memorial Diagnostic and Treatment Center opened in October, 1962.

Plenty of water for the next two generations.

Back in 1957 we took on the job of expanding your water system to handle your needs into the next century. Today that job is virtually done—ahead of schedule and below budget.

On May 14, to signal the completion of your Water Development Program, we will cut a ribbon at the huge new Briones Dam in Orinda. Come on out and join us in the celebration!

But actually, we're never really done. Our task is to keep your pipes full of pure, good-tasting mountain water. And we'll do it. For now, though, won't you join us in a toast? To your health!

(a) When any vehicle is left standing on any street in the City for a period of seventy consecutive hours or more, or of a vehicle for a period of less than twenty-four hours or removal of the vehicle from the location for a period of less than two hours for the purpose of cleaning or repair of the vehicle, the vehicle shall be removed and shall not be returned to the owner without proof from the provisions of this section or from the penalty described in Section 1.8 of this Code.

(d) Where any vehicle is parked or left standing where it obstructs the view of the intersection or where such obstruction has prohibited such parking and have authorized the removal by ordinance, the vehicle may be removed unless signs are posted giving notice of the removal.

Meet Larry Ludwig

THAT STRANGER MAY BE ANALYZING ALBANY

That stranger you see at City Council and Planning and Zoning meetings these days is apt to be Larry G. Ludwig, graduate student at the University of California, who has been assigned to study Albany in his political science course.

Currently working for a Master of Arts in Public Administration, which he expects to receive next September, he holds a BA in economics from UC and comes from Altadena in Southern California.

Nine students in his municipal public administration class have been assigned cities to study. This involves contacting and working with the city manager or administrative officer on a project the local official finds of value.

Ludwig's assignment, on which he is working with Administrative Officer James B. Turner, is evaluating and determining the role and functions of the City of Albany vis-a-vis the Metropolitan Bay Region. This entails the dual job of reading all literature on the subject of local-regional relations as well as getting to know the city-community of Albany as time permits. He has been attending as many city meetings and meetings as many local people as possible.

The "City Study Project" is the idea of two professors at Cal: Prof. Eugene Lee of political sci-

"This being Easter Sunday, we will ask Mrs. Smith to come forward and lay an egg on the altar."

"The service will close with 'Little Drops of Water.' One of the ladies will quietly start and the rest of the congregation will join in."

"Next Sunday, a special collection will be taken up to defray the expenses of a new carpet. Will all those wishing to do something on the carpet please come forward and get a piece of paper."

THANK YOU have troubles? These rules for office workers were taken from the records of a Boston company, dated 1872:

Office employees each day will fill lamps, clean chimneys, trim wicks. Wash windows once a week.

Each clerk will bring in a bucket of water and scuttle of coal for the day's business.

Make your pens carefully. You may whittle ribs to your individual taste.

Men employees will be given an evening off each week for courting purposes, or two evenings if they go regularly to church.

After 13 hours of labor in the office, employees should spend the remaining time reading the Bible or other good books.

Every employee should lay aside from each day a goodly sum of his earnings for his benefit during his declining years so he will not become a burden on society.

Any employee who smokes Spanish cigar, uses liquor in any form, or frequents pool or public halls or gets shaved in a barber shop will give good reason to suspect his worth, intentions, integrity and honesty.

The employee who has performed his labor faithfully and without fault for five years will be given an increase of five cents per day in his pay, providing profits from business permit it. (Courtesy Bob Dennis)

Kindergarten Teacher Pre-School Speaker

Mrs. Claudia Shaw will speak at the mothers' meeting at the Albany Pre-School tonight, May 12. Her topic will be the kindergarten child. She is a kindergarten teacher at Cornell.

Pre-School mothers held their annual dinner recently at the Cornell school cafeteria. "A Night in Reno" was the theme. Walter Reichle, John Judge, Walter Sears and Edward Bell danced the "Can Can" in appropriate costumes. Mrs. Bill Wright was in charge of the lasagna dinner; Mrs. Harold Forsen and Feredoon Matin, decorations; Mrs. Robert Buck, entertainment; and Mrs. Robert Wilson, games. Mr. and Mrs. M. Thompson Conkle won both the door prize and the bean jar prize.

Mrs. Leo Petrel has announced that work week at the Pre-School for the parents will be held June 21-25.

President Mrs. Ron Ross has announced that the installation of the 1965-66 officers will be held at the Mothers' Meeting June 9. The annual Board Dinner for new and old officers will be held June 2 at 6:30 at the Claremont Hotel.

"I have really enjoyed my work-study in Albany," Ludwig says. "I have come to like Albany very much."

Cornell PTA Sets Final Meeting May 13

Cornell School PTA will hold its last general meeting of the year Thursday, May 13, promptly at 1:15 p.m. in the school auditorium.

Class visitations will follow at 1:30. All parents will have the opportunity to observe the class in operation.

Highlighting the meeting will be the installation of the new PTA officers for the next school year. Special guest will be Mrs. Doris Maier, speech correction teacher, who is retiring from the Albany school system.

Members are invited to the cafeteria to meet with several school educators. These panel members will answer questions from the floor pertaining to the school problems, curriculum requirements, etc.

AHS Orchestra Wins Double Honors at CMEA Festival

"Superior" ratings and a "Command Performance" were awarded to Albany High School orchestra on the basis of outstanding performances at the annual California Music Educators Association Festival. Ratings received were the highest possible.

The AHS orchestra, which director Ernest Douglas calls "the best orchestra I've ever conducted," was graded "superior" on each of the two parts of the CMEA Festival. Because of this top showing at the regional festival, which included musical organizations from all over Alameda County, the orchestra was invited to play a command performance at the University of the Pacific in Stockton, Saturday, May 8.

Ratings of "excellent," just one step below "superior," were awarded to the Albany High School band at the festival in San Lorenzo. The band is also conducted by "Doug" Douglas, who expressed his pride and satisfaction over the way the members of both orchestra and band performed.

"Command Performance" invitations are given only to musical organizations that are "superior" in both parts of the regional festivals. The two parts are a rehearsed performance of three pieces, and an unrehearsed sight-reading of another work. The AHS orchestra was the only orchestra in the Alameda County

FRIDAY, MAY 14, will be Albany Moose Day at Golden Gate Fields. Working out final arrangements are, from left, H. F. Call, program chairman; Bill Rhea, past governor, and Bill Beller, governor. The horse shown is Elita Knock. The seventh race has been designated Albany Moose handicap. All members of lodge 1972 are invited to be guests of the management of Golden Gate Fields for the day. Make reservations with Beller or Rhea no later than 5 p.m. Thursday.

Football Skills Clinics Set
May 15, 22, 29

For the second consecutive year, the Oakland Raiders and the Coca Cola Bottling Company of Oakland will present football skills clinics at six East Bay locations.

The clinics, slated for May 15, 22 and 29, will be staged in cooperation with Albany, Berkeley, Emale and Oakland recreation departments and the Oakland Boys' Club. Tom Flores, Art Powell, Mike Mercer, Clem Daniels, Dave Costa and Howie Williams will be the instructors.

Flores and Powell will instruct passing and pass receiving; Mercer and Williams will instruct kicking and tackling, while Daniels and Costa will work with blocking and interior line play.

Each clinic will last two hours, with the instructors showing training movies, exhibiting equipment, giving demonstrations and answering questions. Coca Cola will provide refreshments after each session.

The clinics are open to boys between the ages of 10 and 16.

At the end of the skill clinics, each boy who has attended the three sessions will be given an Oakland Raiders T-shirt and membership in the Oakland Raiders-Coca Cola T-Shirt Club.

Message from Kent Pursel

Taxpayers of Alameda County are in for a "jolt" if the proposed preliminary county budget is finally adopted. In the "Budget Message" that was presented to the Board of Supervisors, the total county budget for the coming fiscal year is \$121,861,630. This is an increase of \$11,341,360 over the present operating budget. This sum consists of federal, state, and county funds.

With respect to county funds only, the increase represented in the budget is a little over \$3 million. Based upon the estimated assessment roll, the county tax rate will be increased 12 cents—going from \$2.23 to this year's tax rate of \$2.35. For the past six successive years, the county has been able to reduce the county tax rate each year. This marks a sharp rise in the rate and will be reflected in additional taxes that property owners may have to bear.

Major items that affect the 1965-66 (proposed) budget are as follows:

The proposed welfare budget for the next fiscal year: \$64,984,423.

The estimated county's share is \$10,689,000. This is an increase in county funds of \$1,895,000 over the previous year.

The amount designated in the "Preliminary Budget" to provide for proposed salary increases is \$1,650,000.

The decrease in the cash balance—\$967,000.

The increase for the Health Department, \$249,000; Retirement and Health Insurance, \$548,000; Probation Department, \$266,000; Sheriff's Department, \$201,000.

The proposed increases in the budget reflect continuing inflation throughout all of government, including the wage spiral. The increases also reflect the increasing costs of providing additional law enforcement services as per increasing the number of judges and court expense, probation and sheriff departments. As for the increasing costs of welfare, this has been by concern for many years.

It has been suggested that we support a constitutional amendment which would place total fiscal responsibility in the hands of the state; and it should be noted that there are some indications that the majority of the Legislature is beginning to recognize this problem. Legislation has been introduced that would establish a cost-sharing formula, placing the ceiling on the county taxpayers share of any new welfare programs or liberalization of already existing programs. Other proposals before the Legislature that would help "tighten up" the welfare burden are a proposal that applicants for assistance be first required to seek employment at the State Employment Office before seeking welfare. There are many other proposals that deserve our support.

I think it is very important that people support the above measures. In a very few days, dates will be announced for hearings on the budget that will be conducted by the Board of Supervisors. I urge interested citizens to attend the budget sessions and to express their views and objections; otherwise, it will be too late when they receive their tax bills next October. This is the highest budget in the history of Alameda County. It is high-time that concerned citizens should inform themselves about the government of their county.

Miss Eleanor Hughes Exhibiting Paintings at Library

Eleanor Hughes—Richard Edwards Photo.

Miss Eleanor Hughes, watercolor artist whose work has been shown widely, is exhibiting paintings of churches in Northern California at Albany Library during the month of May.

Two of the paintings are of Carmel Mission (one in oil). All are California churches except one of the Episcopal church in Idaho City, an old mining city.

Library officials announced the church exhibit is in honor of the forthcoming bridal season.

Now a resident of El Cerrito, Miss Hughes lived with her family in Kensington from 1926 until six years ago. Her mother and both grandfathers were artists. Her father was a Berkeley lawyer.

She attended California College of Arts and Crafts in Oakland, received a diploma in Normal Arts in Art Education, bachelor

of applied arts and studied for an MA in fine arts. In addition, she has studied painting with many famous teachers. In search of subjects, she has traveled the Pacific Northwest, California and Mexico.

Miss Hughes is a retired college teacher. Her work has been exhibited in the Society of Western Artists show at DeYoung Museum and in many local shows, including the Albany Art Show and Merchants Bazaar.

In addition to her busy life as an artist, Miss Hughes finds time to serve as a volunteer in Brookside Hospital Service league and as secretary of New Hope auxiliary of the City of Hope.

Know Your Code

(A series of articles from Albany Police Department to better acquaint you with the California Vehicle Code and the Albany City Code.)

Section: 14600 CVC - (a) Whenever any person, after applying for or receiving a drivers license moves or acquires a new address different from the address shown in the application or in the license issued to him, he shall within 10 days thereafter notify the Dept. of Motor Vehicles in writing of his old and new address.

(b) The department may thereupon change the address as shown upon the license or application or, should the department

President Bernice Boy announced that the Soroptimist Club of Albany will join E. Cerrito Soroptimist Club for a joint meeting at Kirby's, Wednesday, May 12, at 12 noon.

for any reason fail to so change the address upon the license, then the licensee shall mark out the former address on the face of the license and type or write the new address in ink on the reverse side of the license with the date and signature of the licensee.

A good way to abide by this section's requirements is to take your license in person to any local office of the Department of Motor Vehicles, within 10 days of acquiring a new address.

Letters

Albany Little League is taking this opportunity to publicly thank those responsible for making the league's opening-day a successful one.

First, to mention the Albany Times for its coverage of the Little League parade and the opening day ceremonies, and the wonderful high school band. Then to mention a few Little League fans who made a special effort toward the parade, we must include Frank Graeber, parade chairman, for his pre-parade planning and for having the parade start on time. Also, the Albany Fire Department, Mayor Lewis Howell and the councilmen, Bud Rooney and the recrea-

tion commissioners and the Albany Lions club. Automobile dealers who made the convertibles and trucks available were Jim Woulfe Ford, H. L. Moore Chrysler-Plymouth, and East Bay Chevrolet. The league extends a special thanks to Johnny Maddox, OK Chevrolet, who in moments before parade time, made extra transportation available.

We also want to thank all who participated in the parade and to those who attended the games to root for their favorite Little Leaguer.

This was a most successful day and hope it indicates a successful baseball season.

Respectfully yours, DEL WISENOR, President Albany Little League

While it is true that the Berkeley-Albany chapter of the United Nations Association of the United States of America is conducting a membership drive as part of its program in relation to the coming events in June when the Twentieth Anniversary of the founding of the United Nations in San Francisco will be celebrated, all money for membership should be sent to the Membership Chairman, Miss Sara Rudd, 2925 Regent St., Berkeley, and not to the office in Oakland. The confusion occurred due to the fact that there is the Berkeley-Albany chapter and the Alameda County chapter, both in Alameda County.

Leonard Callan Sidelined For Operation

Leonard Callan, long-time Albany High School athletic director, has been "sidelined" for the remainder of the current semester. He entered the hospital May 10 for an operation on his right ankle which he injured in a fall during one of his physical education classes. The ankle had plagued Callan previously, and prior to this recent accident, bone specialists had urged him to have it operated on.

Callan's replacement for the year is ex-University of California fullback Rudy Carvajal. Alan Morgan has filled in for Callan as varsity baseball mentor.

Fire Plug

Captain William Lanctot of the Albany Fire Department states that recent development in the sale and servicing of portable fire extinguishers has caused great concern to the fire service.

In California, those persons servicing extinguishers are subject to an examination by the State Fire Marshal's office to determine the individual's qualifications and proficiency to perform such service.

Reports submitted to various fire officials indicate that a few of these individuals call upon prospective customers and attempt to create the impression they represent the legal fire authority in this area. In such cases the public can be duped into a false sense of security, as well as expending unnecessary funds for work performed.

To protect the interest of the public, Captain Lanctot advises all citizens to follow these simple steps when approached by a fire extinguisher sales or serviceman:

1. Determine exactly to whom you are talking. If the person wishes to service your extinguishers, ask to see his Certificate of Registration.

2. If he claims or leaves the impression that he is a fire authority, ask to see his identification.

3. Make certain the salesman represents the company you wish to do the servicing for you.

4. If the person contacting you states that your present extinguishers are "no good," call your fire department before agreeing to service, replacement, or repairs. They will determine whether such work is necessary.

In conclusion, the Captain points out that extinguishers are required by laws and ordinances for only one purpose: to protect your life and property in the event of a fire emergency. Make certain you can depend upon them.

Briones Dam Dedication Friday Afternoon at 2

Almost 20 billion gallons! That's how much water will be stored by East Bay Municipal Utility District's giant new Briones Dam in the East Bay hills.

Louis J. Breuner, president of East Bay Water, will dedicate the new facility at a public ceremony on Friday, May 14. Featured speaker at the 2 p.m. event to take place on the crest of the dam will be Senator George Miller, Jr., of Contra Costa County. Also featured on the program will be John T. Knox, Assemblyman from the 11th District.

The public is invited to attend the dedication at Briones, three miles northwest of Orinda, off San Pablo Dam Road.

Began in '60

Construction on Briones Dam began Dec. 19, 1960. The gracefully curved, earthfill dam, 270 feet high and two-fifths of a mile long at the crest, took four years to build and cost \$18,279,301. It will take an additional two years to fill the reservoir with 19.5 billion gallons (59,688 acre feet) of water.

Briones is the largest earthfill dam in the Bay Area. It is also the largest single water development project ever contracted for in this area, the total cost running over \$25 million. Briones is East Bay Water's fifth terminal reservoir. It will hold half again as much water as either San Pablo or Upper San Leandro reservoirs, five times as much as Chabot Reservoir and 20 times as much as Lafayette Reservoir.

Contractor for this giant project was Guy F. Atkinson, Kaiser Engineers did the design work.

Briones is intended, primarily, to provide storage for the east of the hills area (Orinda, Moraga, Lafayette, Walnut Creek and San Ramon Valley). However, it is versatile enough to supply water to any part of East Bay Water's 274-square-mile service area.

Briones will be able to supply the east of the hills area by reversing the flow in Lafayette tunnel No. 2. From the new control works at the west portal of the tunnel, water also may be channeled through the Orinda filter plant and Claremont Tunnel to the Oakland-Berkeley-Piedmont-Emergencyville area, and thence south to San Leandro and Castro Valley. It also will be possible to distribute Briones water to the Richmond-San Pablo-El Cerrito-Pinole-Rodeo area via Bear Creek, San Pablo Reservoir and the San Pablo filter plant in Kensington.

Outstanding Early Season Play by AHS Baseball Team

By Ryn Stephens

The most pleasant surprise of the 1964-65 athletic year at Albany High School has been the outstanding early-season performance of the Cougar varsity baseball team. Thus far, the Albany nine has captured five victories while suffering only two defeats. With nine games still remaining on the league slate, the Cougars now rest in third place in the tough and tight East Bay Athletic League.

Though two cancellations cut their practice schedule in half, the Cougars still had time to show their worth. The opener saw them edging San Lorenzo, 1-0, followed up by a 9-0 whitewash of Emeryville. Hard-throwing junior Del McLaughlin set the trend which he's followed all year as he allowed a total of but three hits while going the distance in both games.

Albany then traveled to Livermore where they opened league play with a 5-2 win over the Granada High Matadors. McLaughlin turned in another fine performance, but this time it was the heads-up play of the entire team which made the difference.

The Cougars' second league win and fourth overall was over Amador High, 4-3, in eight innings. On a fluke play, John Hendrickson swung and missed at the third strike, but hustled to first as the pitch got by the catcher. As Hendrickson was being thrown out, Gary Parsley broke for third and scored the winning run on the ensuing wild toss from first.

After a two-week series of rain-outs, Albany got back in action, but the bubble burst. Riding high on a five-game win streak, the Cougars met and lost a 1-0 heart-breaker to the John Swett Indians. Unable to bounce back, they dropped their second straight ball game to Livermore, 7-1, and fell to third place with a 3-2 won-lost record.

Berkeley YWCA Launches Fund Campaign

Mrs. Robert E. Fitch, president, announces that Berkeley Community Young Women's Christian association Board of Directors has approved and is now launching a \$25,000 campaign to redesign the interior of the building at 2134 Allston Way.

The demand for program by young women and girls of Albany and Berkeley that caused the doubling of activities last year is continuing. Plans call for moving upstairs offices to the ground floor so that staff can better work with the young women and girls. The existing four rooms will be divided to create eight activity areas, states Mrs. Earl R. Evans, general chairman.

The executive committee includes Ralph Eltse, men's committee chairman; Mrs. Harold Lucas, women's committee chairman; Mrs. Klaus Halbach, Mrs. Berton Ballard and Dr. Lulu Holmes.

Albany Adult Education School has a class in Home Decorative Arts offered Wednesday mornings, 9 to 12. Instructor, Miss Jennie Walton, who has been with the Albany adult program for over 20 years, gives instruction in a wide variety of fields at the Solano adult unit, corner of Solano and Cornell Avenues. Her class is open to those residing in or out of Albany.

Within this class, one can work on such things as straw purses, tote bags and sweaters decorated with flowers, shells, beads, sequins and other interesting materials to match milady's wardrobe and provide color accents.

For those interested in creating their own unique and charming decorative objects for gifts or for their own homes, Miss Walton's classes offer an unequalled opportunity. Class members may make lamp shades, using materials and colors appropriate to their individual decorating schemes; or may decorate such utilitarian objects as wastebaskets, scrapbooks, jewel boxes, place mats, telephone book covers, etc., to harmonize with the decor of a specific room.

rollment of those adults living in or out of Albany.
